

# Portable Hygiene & Baby Care Solutions

OEM & Private Label Products  
for Global Markets

Non-medical consumer products designed for  
everyday family, travel, and personal care use.

OEM / ODM · Consumer Goods · Compliance-focused · Global Supply

# About Us

We specialize in the development and manufacturing of portable hygiene and baby care products for global markets.

Our product range focuses on non-medical consumer goods designed for everyday use in family care, travel, and personal hygiene scenarios. We work closely with brands, importers, and distributors to provide cost-effective, practical, and market-oriented solutions.

With flexible OEM and private label support, we help partners bring reliable products to market while meeting regional compliance and positioning requirements.

## Core Focus

OEM / ODM · Consumer Products · Daily-Use Hygiene · Baby & Family Care
